

Coverage for many of your expected and unexpected health care costs.

The health plan that's all about you

Your health plan should be all about you and your family. It should conform to what you need the most. If you need prescription drugs, it should help cover those expenses. If you need physiotherapy, it should help to offset the cost. If you travel a lot, it should help cover emergency expenses away from home, too.

Just as importantly, your health plan should help cover you for unexpected medical issues. What if you are diagnosed with a hearing problem, have to stay in a hospital, or require at-home nursing?

It's called Flexcare® for a reason

If you don't have coverage through your employer or your existing plan doesn't provide enough coverage, a flexible health insurance plan like Flexcare® Health and Dental Insurance Plans can help cover expected and unexpected medical costs. Flexcare® offers a wide range of plans and options. Choose the plan that best meets your needs and your budget, or create your own.

Expect the unexpected

Flexcare can be an effective "just in case" plan because it can help protect you from a wide range of health care costs.

It can help with expenses that may be **expected**, like:

- Prescription drugs

- Custom orthotics

And here are some **unexpected** scenarios where it may come in handy:

- A mouth injury that requires emergency dental treatment
- Personal issues that require a psychologist
- An accident that requires an air ambulance
- Rehab with a nurse in your home
- Illness or injury while on vacation

Plus, you get these great services at no extra cost:

Health Service Navigator®**

Each trip can last up to nine days. You can also add 8 or 21 extra days for longer trips with the Travel Add-On, at a small extra cost.

Other Flexcare advantages:

- **No waiting period** – make claims as soon as your coverage is in effect
- **Easy instant claims** – just present your benefits card at participating locations for most prescription drug and dental submissions. You'll be covered for the approved amount right away. You'll be reimbursed for all other types of approved claims by cheque
- **Enhanced coverage for seniors** – at age 65, benefits increase in the areas you need them most
- **Tax savings** – if you are self-employed or own a small business, a portion of your premiums may be deductible as an expense for your business and may also be a nontaxable benefit to your employees (except in Quebec). Please consult Canada Revenue Agency for details
- **AIR MILES® reward miles†** – earn miles when you first become a policyholder and every 6 months thereafter††

† Subject to terms and conditions (www.manulife.ca).
